this encyclopedia spans the relationships among business ethics and society with an emphasis on business ethics and the role of business in society

first published in 1998 routledge is an imprint of taylor francis an informa company

first published in 1988 birth control in germany deals in detail with the dissemination and acceptance of ideas of birth control from 1871 1933 and shows the variety of methods that were in use condoms pessaries diaphragms caps and most notably abortion in common with many western societies germany experienced a notable decline in the birth rate as it entered into the 20th century demographers differ in their explanation for such changes in the birth rate some argue that fluctuating birth rates reflect society s efforts to match population and economy while others argue that modern low levels can only be the result of radical innovations in popular behavior the author argues that the latter can be shown to be the case in the german instance he further says that attitudes quite similar to those found in liberal circles today were widespread among ordinary men and women in germany in contrast to for example the pro natalist ideologies dominant in france in the same period this despite the regional class and religious differentials which influence the german picture the book amounts to an important study of the sexual politics of pre nazi germany and study in modernization of a traditional society this is an important historical work for scholars and researchers of german history women s studies health reproductive history european history and gender studies

discusses the signs symptoms and alternative and conventional medications for all the stages of menopause
